Western Aesthetic

- **Description:** Rustic, dusty style from American frontier films. Wide landscapes, old wood and leather. Mood is rugged and stoic. Origins: 19th-century Wild West and classic cowboy movies.
- **ChatGPT Prompt:** "Describe a western showdown scene at high noon, with a lone rider in dust and the desert town streets silent."
- **Image Prompt:** "A vertical 9:16 western scene: sun-bleached desert, saloon facade, a cowboy in silhouette with dusty boots, warm golden tones, high noon lighting."
- **Colors & Vibe:** Earthy browns, sandy yellows, burnt orange; dry and warm, evoking solitude and frontier spirit.
