Sci-Fi Cinematic Aesthetic

- **Description:** Futuristic epic style from science fiction cinema. Sweeping space vistas, advanced technology. Mood is grand and imaginative. Origin: classic and modern sci-fi films (e.g., space operas).
- **ChatGPT Prompt:** "Set a scene aboard a starship in a far future cosmos, focusing on awe and advanced tech."
- **Image Prompt:** "A vertical 9:16 space opera scene: colossal starship interior with glowing holograms, panoramic window showing nebulae, sleek futuristic design, cool blue lighting."
- **Colors & Vibe:** Neon blues, silvers, metallics; vast and inspiring, theme of exploration and wonder.
