Angelcore & Devilcore Aesthetic

- **Description:** Opposing celestial styles. Angelcore is heavenly (white lace, clouds, doves); Devilcore is dark occult (horns, black and red, skulls). Mood: Angelic is pure and tranquil; Devilish is intense and forbidden.
- **ChatGPT Prompt:** "Generate a scene contrasting an angelic figure in a sunlit garden with a devilish figure in a shadowy graveyard."
- **Image Prompt:** "A vertical 9:16 split scene: left side soft clouds and white-clad angel, right side dark mist and a red-eyed figure with horns."
- **Colors & Vibe:** Angelcore – whites, golds, light pastels (innocent, serene); Devilcore – blacks, reds, deep purples (edgy, dramatic).
