Pixel Art Aesthetic

- **Description:** Nostalgic retro style from early video games. Blocky, low-resolution pixels form characters and scenes. The mood is playful and nostalgic, evoking 80s-90s arcade games and 8-bit consoles. Cultural origin: early computing and gaming.
- **ChatGPT Prompt:** "Outline a retro video-game-inspired story set in a pixel-art world, with a pixel hero on a quest."
- **Image Prompt:** "Create a vertical 9:16 pixel art city street scene at night, with blocky neon signs, a pixelated hero character, and limited color palette (pixel style)."
- **Colors & Vibe:** Limited, bright palette (cyan, magenta, bright green), pixelated charm, nostalgic and adventurous.
