🧠 How to Use This Course

Welcome to the **Historika AI Course** 🎬
You've just unlocked the complete system to create **viral AI animation videos**, go **monetize them from day one**, and grow your online audience — even if you're starting from zero.

Let's get you started 👇

📕 LESSONS

Each short written lesson explains the **logic, storytelling structure, and posting psychology** behind every step.
You'll understand *why* each move works — not just *how* to do it.

🧭 *Goal:* Help you think like a viral creator, not just a video editor.

🚶 WALKTHROUGHS

Watch my **screen-recorded demos** where I build an animation from scratch — from idea to final edit.
You'll see how to use **ChatGPT, Midjourney, CapCut, and ElevenLabs** together in a smooth workflow.

🎯 *Goal:* Follow along and recreate your own video — by the end, you'll have your first animation ready to post.
