Part Two

Section 02

Myths & *Limiting* Beliefs

Before you do any of the work, you need the junk cleared out of your head. A lot of what gets repeated about this business is wrong, and believing it will cost you weeks of wasted effort or talk you out of continuing right before it works. **This section kills the myths up front.** You will see short reminders of some of these later, in the sections where they matter most, because they are easy to fall back into.
