HYPNOSIS
MENTAL
CONDITIONING

Step 1

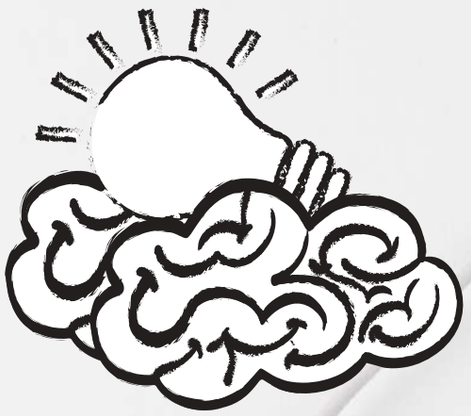

Take out a notebook and write down the sentences (in this book or any book) that resonate with you the most.

Step 2

When you have a list of 30 powerful mindsets written down, then take out an audio recorder.

Note to the technologically challenged:

there are many phone apps that can record your voice. Altertnatively you can use your phone's video recorder.

Step 3

Get yourself into a relaxed and inspired emotional state.

Turn on your audio/video recorder.

Say the lines in your list outloud very loudly. You can even scream them!! Say the lines with intense emotional conviction and enthusiasm.

Step 4

Play back that recording to yourself every day for at least a week.

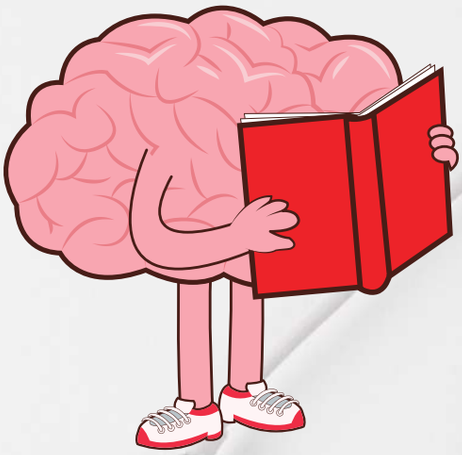

If possible play it the moment you wake up when your unconscious mind is most susceptible to embedded commands and self-suggestions.

Step 5

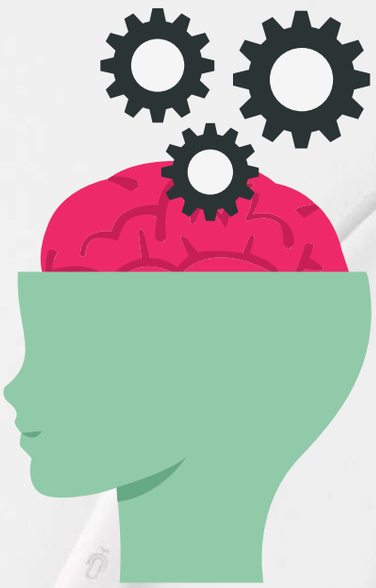

As time goes on be willing to swap out items in your list with more powerful affirmations, mantras and self-suggestions. As long as there is an emotional impact, keep listening to the audio recording of yourself screaming powerful ideas.

STEP 6

Take out a piece of paper and brainstorm the answers to this question: "What is holding me back the most in life? What are my greatest challenges?"

STEP 7

Make a list of your top 10 challenges in life. Then come up with the mindsets, affirmations, and self-suggestions that will have the greatest positive impact on your life. Go over that list, your goals and vision every single day.

FINAL
NOTES

REPETITION OF KEY IDEAS HELPS ONE INTERNALZIE THEM INTO HIS BELIEF SYSTEM. IF YOU SAY ALMOST ANYTHING ENOUGH TIMES WITH CONVICTION AND TAKE ACTION TO APPLY THAT WHICH YOU HAVE SAID THEN IT WILL EVENTUALLY BECOME SECOND NATURE TO YOU.

KNOWLEDGE IS NOT ENOUGH YOU MUST DO.

FAILING TO APPLY AN IDEA INTO YOUR LIFE WITH PRACTICAL ACTION MAY RESULT IN THE IDEA BEING FORGOTTEN.

THE IMPORTANCE OF TAKING DAILY ACTION TO ACHIEVE YOUR GOALS CANNOT BE OVERSTATED. NO AMOUNT OF MENTAL CONDITIONING AND LEARNING SELF-HELP THEORY CAN SUBSTITUE FOR TAKING ACTION.

A FINAL NOTE: ONE REACHES A HYPNOTIC TRANCE STATE WHEN HE IS DEEPLY RELAXED AND FOCUSED. IT IS DURING THIS EMOTIONAL STATE WHEN THE UNCONSIOUS MIND IS THE MOST SUSCIPTIBLE TO VERBALIZED SELF-SUGGESTIONS.

IT IS HELPFUL TO ACHIEVE THIS EMOTIONAL STATE PRIOR TO LISTENING TO YOUR RECORDING.

THIS MIGHT MEAN GOING TO AN ISOLATED AREA IN NATURE (A POND, PARK, OR A PEACEFUL PATH), MEDITATING FOR A FEW MINUTES, OR TAKING A SERIES OF DEEP BREATHS

USING THESE TECHNIQUES YOU CAN ACHIEVE THIS RELAXED STATE OF MIND. THEN THE AUDIO RECORDING WILL HAVE THE GREATEST IMPACT.

THAT BEING SAID, YOUR AUDIO RECORDING WILL HAVE AN IMPACT EVEN IF YOU ARE NOT IN THE MOST OPTIMAL STATE OF MIND. REPETITION OF IDEAS IS KEY TO INTERNALIZING THEM.

CHANGE
YOUR MIND,
CHANGE
YOUR LIFE.
